

PRE-GUIDING THE JOURNEY: “What Comes Next After High School” TRAINING FOR PARENTS

Presented by the Parents’ Place of Maryland

Preparing for the transition from school to adulthood for youth with disabilities and special healthcare needs can be challenging and scary for families. It can be difficult to know where to begin or what the priorities should be.

This FREE two-session training, which includes the use of Charting the LifeCourse™ tools, will help parents prepare early to navigate this process and develop a unique Pre-Transition Action Plan for and with their child.

During this training, parents will...

- Gain an understanding of their changing role
- Create an Action Plan to help prepare for transition
- Better understand the transition section in the IEP (and how to advocate for effective goals!)
- Discover local and national resources

Who should apply:

Parents of transition aged students (ages 13-14) who have an IEP or 504 plan. **Participants must commit to attending both sessions.**

How to Apply:

Complete the online application by clicking on the link below or copying into your browser:
